Human Relations Department  
Spotify  
Boston, USA

Dear Human Resources Recruiter,

My name is PinHo Wang and I am applying for the Backend Engineer internship in 2019 summer. I am currently pursuing the master degree in Northeastern University majoring in Computer System Engineering.

As a Computer System Engineering student, I have the basic concept of algorithms and data structures. Then, I am able to develop Java projects and also familiar cooperate with team members in course projects. I have experienced developing MVC pattern and also some system designing.

As a guitar player in the band, I am fascinated by musics. I'd love to use my knowledge about programming to make a better music experiences. It is really make me excited to work in Spotify, because not only I can get to know more about the music industry but to have the opportunity to make experience of the music tools I use everyday better and handier.

I believe I can make a strong contribute in Spotify and I am excited to discuss more about the detail of the position with you. You can contact me by phone at (781)502-1681 or by email [wang.pinh@husky.neu.edu](mailto:wang.pinh@husky.neu.edu). Thank you for your consideration.

Sincerely,

PinHo Wang
